

AIoT Course

Human Gesture Recognition Project

An End-to-end Artificial Intelligence of Things Project

This project is related to the AIoT lectures, which are part of the course "Algorithmic Foundations of Sensor Networks" in the Computer Engineering and Informatics Department, University of Patras. The project announcement will be available on GitHub, on **24 April 2024, at 18:00**, at the following link:

- <https://github.com/AIoT-Group-UoP/IoT-Course-AIoT-project>

Note: More information about project submission, experimental procedure, and contact, are also included in the project's GitHub README.md file.

Prof. Sotiris Nikolettseas, *Director*

Dr. Pantelis Tzamalīs, *Engineering Manager, Senior Research Engineer*

George Kontogiannis, *Ph.D. Candidate, Research Engineer*
